COL. CUNNINGHAM RETURNS
Character are recognized and appre-
ciated both at home and abroad. I
have been deeply impressed with the
interest which the entire people
take, both in their religious and
educational welfare. Everything in
this section is done with a purpose
of uplifting the citizens and the commu-
nity. They look upward and to the
highest ideals, both in private and
public matters. So, in conclusion, I
would say, Mr. Editor, that it can be
truly said of Wilson, N. C., that it is
"the land of the free and home of
the brave."

Yours very truly,
JOHN S. CUNNINGHAM.

AYCOCK MEMORIAL

WORK WILL GO ON
Raleigh, March 16.—The Aycock
Memorial Committee, charged with
the duty of erecting a suitable monu-
ment in the memory of North Caro-
lina's great educational Governor,
met in the office of Governor Bickett
yesterday and placed upon the
shoulders of Judge Francis D. Win-
ston the work of raising funds for
the accomplishment of the purpose.

Among the members present were
Governor Bickett, Treasurer B. R.
Lacy, Judge R. W. Winston, Dr. Al-
bert Anderson, Mr. George C. Ra-
gan, Capt. Nathan O'Berry, Mr. R. D.
W. Connor, Col. P. M. Pearsall and
Judge Francis D. Winston.

The monument, it is planned, will
be completed by November 1, 1919
the sixtieth anniversary of Governor
Aycock's birth. Noted sculptors are
now considering plans for the work.

Judge Winston, who announced
his readiness to undertake the work
and push it to conclusion was a warm
personal friend of Governor Aycock,
who was his college mate.

The movement for the establish-
ment of such a monument was taken
up about 14 years ago following the
death of Governor Aycock. It has
been dragging long since. The com-
mittee has recently realized that the
opportune time has come when the
work should be pushed to a success-
ful completion.

over or stoop. I heard of Doan's Kid-
ney Pills and got some at Herring's

and I was cured of all symptoms of
kidney trouble."

THE WEDGE

(From The New Republic.)

To drive a wedge between Austria-
Hungary and Germany between the
war-weary masses of the German peo-
ple and the military and annexation-
ist party, is an obvious part of the
President's purpose. Such an at-
tempt, the bitter-enders are murmur-
ing, is bound to prove futile. The
German militarists are firm in the
saddle and Austria-Hungary does not
dare break away from Germany. But
such considerations are beside the
point. The president is not appeal-
ing to Czernin and the reichstag ma-
jority to overthrow the German mili-
tary party by force and thus to
weaken the resistance of the central
empires. He is not following the
German practice of employing a
peace offensive. His strategy is di-
rected, not toward the achievement of
the kind of peace that alone would
sanctify victory. The President is
working toward the establishment of
an international order in which a re-
newal of world war would be all but
impossible. And since this is his ob-
jective, it was inevitable that he
should make a direct appeal to the
political forces in the central em-
pires that can be made to work to-
ward the same objective. They are
urged in good faith to co-operate in
a great enterprise that is destined to
profit them along with the rest of
the world.

NATION WIDE CAMPAIGN TO INCREASE FOOD PRODUCTION

State College, Pennsylvania, March
17.—To prevent an annual loss esti-
mated at 134,556,000 bushels of wheat,
oats, barley and rye, and "tremen-
dous losses" in other staple crops,
specialists on agriculture have or-
ganized an War Emergency Board of
American Plant Pathologists. This
board has inaugurated a nation wide
campaign to increase food production
through control of destructive plant
diseases during the coming growing
season.

Because the consumer pays for
every rotted and scabby potato and
every smutted grain of wheat or oats
the farmer grows, without having
them as food, hundreds of trained
workers intend to carry the campaign

into all the States. Teachers, re-
search workers and students are be-
ing enlisted in the service which will
show the farmers how to increase
their yield of disease free crops.

These preventable diseases will be
attacked vigorously as the first step
of a comprehensive program to pre-
vent food waste. Further efforts to
save food are to be made by teach-
ing methods of eliminating losses in
transportation, storage and in house-
holds.

The War Emergency Board, of
which Dr. F. D. Kern, plant patholo-
gist at the Pennsylvania State Col-
lege, is a member, expects to give
direct aid to growers as to the avail-
ability and prices of spray materials.
Assistance will be given to the plant
disease survey undertaken by the
federal department of agriculture, in
co-operation with the State colleges
of agriculture and other agencies.

RUSSIAN AMBASSADOR REPUDIATES TREATY

Washington, March 18.—The Rus-
sian acceptance of the German peace
is not at all satisfactory to M. Bak-
metieff, the Russian ambassador to
Washington, who last November re-
pudiated the Bolshevik government.
He declared that only in the prin-
ciples for which the allies stand can
there be hope for Russia.

LIVER DIDN'T ACT DIGESTION WAS BAD

**Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved
After a Few Doses of Black-Draught.**

Meadowville, Ky.—Mrs. Cynthia
Higginbotham, of this town, says: "At
my age, which is 65, the liver does
not act so well as when young. A few
years ago, my stomach was all out of
fix. I was constipated, my liver
didn't act. My digestion was bad, and
it took so little to upset me. My ap-
petite was gone. I was very weak...
I decided I would give Black-
Draught a thorough trial as I knew it
was highly recommended for this
trouble. I began taking it. I felt
better after a few doses. My appetite
improved and I became stronger. My
bowels acted naturally and the least
trouble was soon righted with a few
doses of Black-Draught."

Seventy years of successful use has
made Thedford's Black-Draught a
standard, household remedy. Every
member, of every family, at times,
needs the help that Black-Draught can
give in cleansing the system and re-
lieving the troubles that come from
constipation, indigestion, lazy liver,
etc. You cannot keep well unless your
stomach, liver and bowels are in good
working order. Keep them that way.
Try Black-Draught. It acts promptly,
gently and in a natural way. If you
feel sluggish, take a dose tonight.
You will feel fresh tomorrow. Price
25c. a package—One cent a dose
